

Family Competition on Ecology 2016

The local government - District Wołomin- invites you to take part in the Family Competition on Ecology 2016 concerning general environmental issues and knowledge about the natural environment.

VALUABLE PRIZES TO WIN!

An education institution with the best score* will receive teaching aids. The best families will get unique prizes.

Your task is to send the correct answers to the questions about natural environment in the District Wołomin and general knowledge about ecology (questions will appear on the website of the District Wołomin during the competition). Each team will also create the photo report: " Everyday life in accordance with nature" (details to be found in the competition rules). In the competition there can take part teams consisting of a least 3 people, one of them must be a child who attends the education institution within the District Wołomin (school or kindergarten) and the second person is the legal guardian of the child (the other members of the team can be freely chosen) .

To take part in the competition the teams have to fill in the application form (attachment no. 1 of the competition rules) and send it to the District Wołomin office by 28 August 2016.

For all the teams the Organizer will provide diplomas for participation.

More information about the competition at: <http://powiat-wolominski.pl/index.php?cmd=zawartosc&opt=pokaz&id=2108>

* Points are given according to article 5 point 6 from the competition rules.
